Sue Musch

The Heartbeat of the Harrah City Hall

A number of you have been to city hall to pay your utility bill, get a permit, come by to ask a question or get guidance on city business. As soon as you walk through the door you are greeted by "hello young man" or "good morning young lady", no matter your age. Sue greets and treats everyone the same. She is the first person to arrive at city hall daily except for icy days and tornados (they are her nemesis) and she does not leave until the clock says straight up 5 o'clock. She drives from Stroud, Oklahoma daily.

Sue loves her job and the people she comes in contact with on a daily basis. She goes out of her way to make everyone feel special. I have never seen her upset or angry at anyone. She is the real deal, full of compassion with a heart as big as the moon.

This month is Administrative Professional Day and we want her to know we appreciate her more than she'll ever know. Sue, we love you and we could search the world over and never find anyone who lights up our world the way you do!!
