# HARRAH CHAMBER OF COMMERCE

“Becoming a member of The Harrah Chamber of Commerce has exceeded my expectations, it has been such a welcoming experience and it has a real sense of community among members! I have made lots of good contacts and gained business that has easily covered the costs of my membership. Being a member of the Chamber has helped us to be known in the community and the networking opportunities have opened many doors for me and my business. It has been a great learning experience being involved with the chamber, it is a great group of professionals working to help the community flourish and prosper. It is a privilege to align ourselves with a group that is all about supporting local business and growth in our city. The Harrah Chamber is a quality organization that every business in the community should be involved in.”

## **Bud Lanham**

Owner Ken's Automotive

“I got involved in Harrah Chamber after attending a women's chamber breakfast. That event has led to new opportunities to serve and “pay it forward” to my community. Being part of the chamber as a member, board member, and Harrah Future Leaders sponsor, has taught me about the ways in which a city government is run and the benefits of working together to create something bigger than ourselves. It is my hope that future leaders can be generated as we fulfill the mission statement of preserving, protecting, and promoting local business and educational opportunities within our community.”

# HISTORY OF HARRAH

Nestled on the banks of the North Canadian River sits the City of Harrah. The first Polish settlers came in the spring of 1892 when 10 families came by covered wagon from Arkansas. In 1898 the Church of St. Teresa of Avila was built, the town was devastated when they lost the church in a fire in 1923, but within 2 years a new building was built. This church still beautiful and maintained is Oklahoma's only Polish Catholic Church. Several business owners of today are descendants of the early Polish businessmen. The community formerly known as Pennington and Sweeny became Harrah in 1898 when Louis Navarre sold 32 acres to Frank Harrah who plotted and developed the original Town of Harrah along either side of the railroad track. Harrah's geological location gave it a wonderful chance of survival. It was surrounded by fertile farmland and a river full of fish. E.W. Sweeny had a ferry on the river and later built a toll bridge which made Harrah accessible to both sides of the river. Harrah was struck by disaster twice in its early years. First, in 1916 when a tornado struck south of town and destroyed the ball stadium which was never rebuilt. Second, in 1922 when a fire destroyed most of the original town. Harrah was one of the first small town to have electric service as OG&E purchased land north of town and built an electric generating plant that was producing electricity in 1928. On May 15, 1908 an election was successful for the corporation of the Town of Harrah. The next step was to elect town officials. Harrah's population was 100 on 1901 and tripled to 300 by 1905 and has steadily grown to its present population of approximately 5,200. The City of Harrah is currently experiencing amazing growth with the addition of hundreds of home and new business developments. In June of 1992 by a vote of the people the Town of Harrah was officially changed to the City of Harrah.

# HARRAH PUBLIC SCHOOLS

The Harrah School District is a distinguished district that is just 20 minutes from downtown OKC and resides in the eastern part of Oklahoma County. It is a very short drive to Tinker Air Force Base in Midwest City. The district has over 64 square miles that covers 3 different counties. Boundaries of the school district encompass & parts of the corporate city limits of Choctaw, Newalla, McLoud and parts of Oklahoma City.

It's the home of over 2,250 students in grades Pre-Kindergarten through 12th. We have more academic and athletic scholarship winners each year than any other district it's size in the area. It's the largest employer in the community and has a very strong relationship with it's community. Our district employs 155 certified staff and 94 support staff.

The district believes that all students deserve a safe and nurturing environment, a core curriculum that is rich and rigorous and respects diversity in students' learning styles. We have one guiding principle: Excellent Instruction in Every Classroom. We strive for our students to be proficient in all curricular areas.

# HARRAH PUBLIC SCHOOLS

Harrah is the home of three elementary sites: Virginia Smith Elementary (Pre-K thru 1st grade), Clara Reynolds Elementary (2nd & 3rd Grades) and Russell Babb Elementary (4th & 5th grades). We have two secondary sites: Harrah Middle School (6th-8th grades) and Harrah High School (9th-12th grades). The teacher-pupil ratio average 1 teacher for every 18.5 students.

The most recent bond election allowed the district the opportunity to provide a safe room for every student in the district, additional classroom space, and numerous capital improvement projects across the district. Our students have direct access to applications and tools that will foster their imagination and make them successful in an ever changing environment. Our secondary sites are progressing toward a 1:1 ratio initiative (available technology device for every student) with Chromebooks and/or Wireless Tablet device. We encourage visitors and prospective patrons to stop by and see the wonderful things our district is doing. Go Panthers!
