October

This newsletter is intended to provide updates to the citizens of Harrah on current and future projects as well as city events.

As always, there is a lot going on in the City of Harrah. We would like to thank our city employees and the volunteers for making Harrah Heritage Park look great for Harrah Day! In addition, if you have not been to Lion's Park lately, it is worth your time to stop by and see how the volunteers and the city are making this park beautiful. We have received many compliments on this hidden treasure.

Our city employees are working hard to keep everything moving forward, even though we are shorthanded in all departments, hopefully we can fill some of these positions in the next few weeks. Please check the city web site for job openings if you are interested in working for the city.

The city is working with OG&E to install nice decorative streetlights from NE 10th Street all the way to the downtown area. This will also include replacing the galvanized poles along Church Ave with decorative poles and adding the same style poles along Main Street to the Lumber shack.

The city is pleased to announce that we have entered into an agreement to start the design of a public safety building, which will include a new fire & police facilities as well as a court/city council room. The location will be determined later but will be centrally located.

Remember the Forty Roses concert in the park on October 21st at 7pm. Forty Roses performs a variety of great music from the last 40 years. They will have something for everyone, and they will even take requests. Please plan to come out and join in the fun!

It is officially Fall! We are winding down the mowing season and working to keep our city beautiful. Let's all work together cleaning up our city and the outside of our homes and keeping them free of debris.

Remember big trash day is once every quarter. Information on big trash day is furnished in your utility bill. They will pick up 3 cubic yards (which is about a pickup load) if you have more than that call Harrah Disposal the contractor at 405-454-3875.

Thanks to all city staff for their hard work.
