The Harrah City Council has partnered with AtLink services to provide public WIFI at Heritage Park! Not only will this allow the public to enjoy free internet during normal visits, but it will allow vendors and customers alike to enjoy faster purchase transactions during our special events as well. Currently, we are waiting for the equipment to arrive and be installed, but it should be functional by mid-June. The city has also prepared additional parking at the North end of the park. This will be easy access to the Farmer's Market.
