Mike Bower informed Council that there are more parts coming in for the wastewater project and once they are installed we should be in good shape. The Fire Department hired a new Deputy Fire Chief who will start next week. Funds are sitting pretty good and the Beautification fund has \$55,000 left in it.

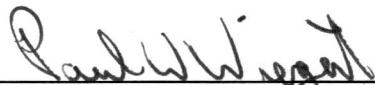

Rudek informed everyone that cleanup at Connie's place was well organized and very well done. There was lots of donated equipment and people who showed up to help. He suggested Council consider a Proclamation for the student organizations that helped out with the Christmas light installations. ACOG has been discussing growing population numbers and urges cities to increase their water tap fees and building fees. McCommond asked if Council could get a list of common fees and the city expenses related to the fees.

Lisby thanked staff for the survey for the food truck park name

Marty Burns gave Council an update on new staff coming on board.

Tammy Herzog informed Council about the upcoming Christmas in the Park event and that there will be a short window to take down the lights before the crew will be cutting down trees.

With no further business the meeting **adjourned at 6:56 pm.**
